

Workflow [Work In Progress]

Key Screens
(pictured)

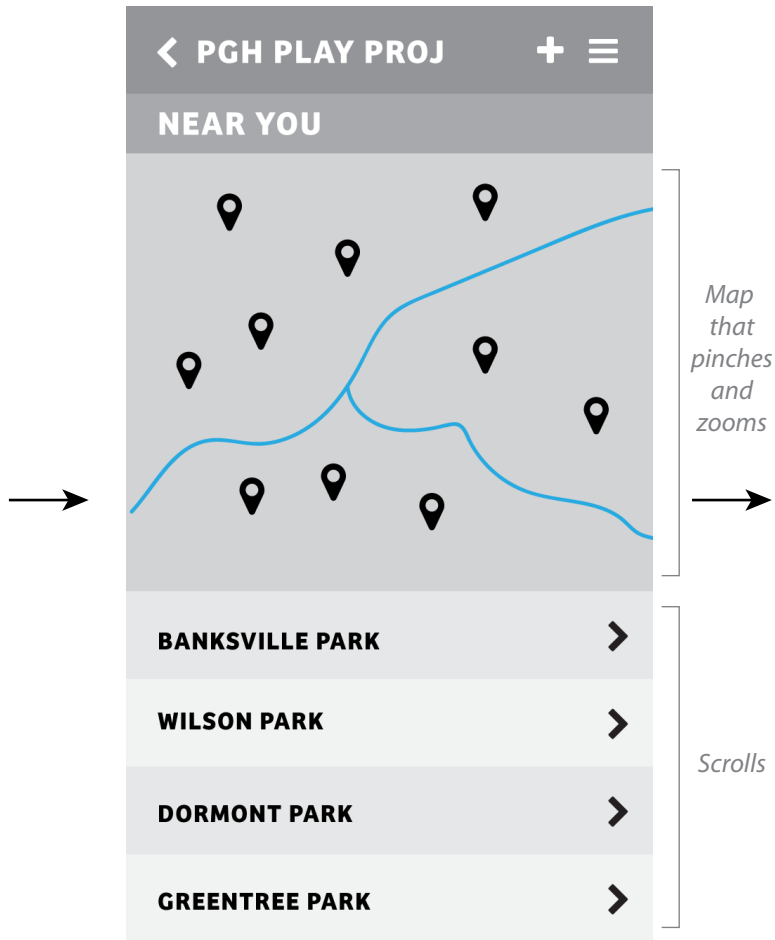

Still Missing:
User Accounts?

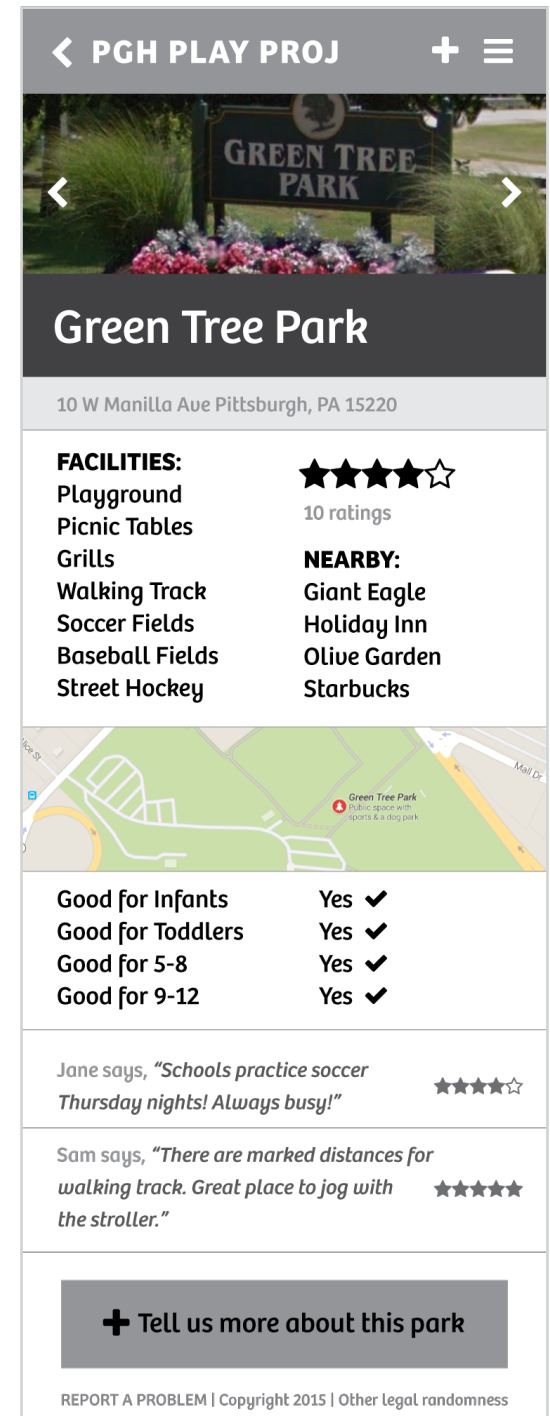

Wireframes

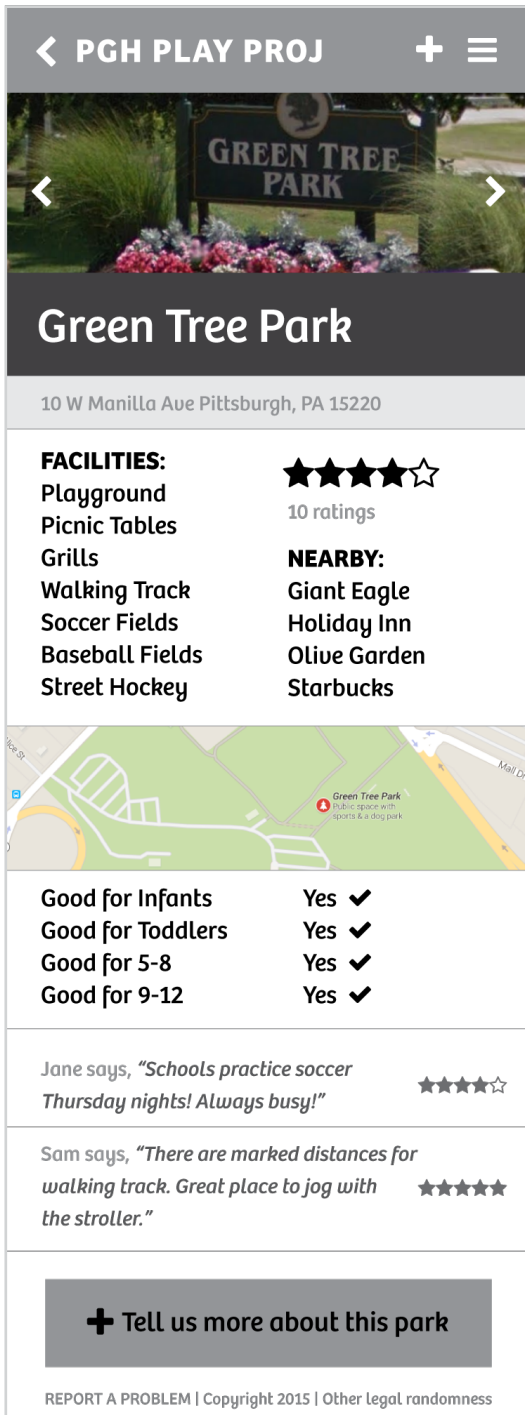

User selects find your location.
Device/Computer finds it.

User selects a specific park.
(Can pick point on map or park in list.)

Wireframes

*This goes to more photos full screen,
if you click in the middle.
Or the side arrows navigate
through all pictures.*

*This should probably go to
a full screen map view.*

*This takes you to a similar page
that is a form.*

Missing:
Form for adding / reviewing
(hopefully the same)
What's in menu?
(Home, user? Contact? About)
Any kind of visual design
